Adobe InDesign

Visual Studio Code

Figma

JOSEPH BOUCHER

WEB DESIGNER & FRONT-END DEVELOPER

Creative web designer and front-end developer with a BA in Graphic Design & Web Design from SNHU (Magna Cum Laude) and hands-on experience building live web projects. I bridge the gap between strong visual design and clean, functional code — with a professional background in brand identity, editorial design, and photography. Currently expanding my development skills in HTML, CSS, and JavaScript, with a focus on building polished, user-centered web experiences.

PROJECTS

RE Umbrella Database

Live

HTML · CSS · JavaScript

github.com/jobrophoto/umbrella-database live page

Multi-page web database for the Resident Evil universe featuring individual creature and virus profile pages with structured information architecture. Built and deployed from scratch.

JOBRO PHOTO DESIGN — Portfolio Site

Live

HTML · CSS · JavaScript (hand-coded)

jobrophotodesign.com

Personal portfolio and branding site built entirely from scratch with hand-coded HTML, CSS, and JavaScript. Currently in active development.

EXPERIENCE

Production Assistant

2020 — Present

RR Auctions · Amherst, NH

- Photographed rare artifacts with a keen focus on detail and incorporating interactive features.
- Crafted and delivered captivating catalog covers, consistently surpassing company expectations and directly contributing to a notable increase in sales figures.

SKILLS

HTML & CSS

JavaScript

Web Design

Brand Identity

Advertising Design

Editorial Design

Photography

- Managed layout design projects from conception to completion, ensuring accuracy, creativity, and adherence to project timelines.
- Executed photo shoots and edited images using advanced techniques to achieve desired visual effects.
- Recognized for attention to detail and ability to translate complex concepts into compelling visual designs.

Designer & Photographer

2016 – Present

JOBRO PHOTO DESIGN · Weare, NH

- Designed and developed personal branding site using hand-coded HTML, CSS, and JavaScript, handling all visual design and front-end development independently.
- Engaged in comprehensive research and consistently monitored industry trends to sustain a competitive advantage.

Volunteer

2012 – 2017

Weare Food Pantry & Thrift Shoppe · Weare, NH

- Created visually appealing promotional materials for fundraising events and community outreach programs.

Meat Clerk & Butcher

2018 – 2020

Hannaford Bros. Co., LLC · Goffstown, NH

- Provided excellent customer service and maintained product quality standards in a fast-paced retail environment.
